Announcing Winner in 'Name That App' Promotion

And The Winner Is

The votes are in on the "Name that App" promotion.

"Click-N-Fix" was the choice by a wide majority for the City's new App for reporting code violations, road repairs and maintenance issues.

The free app, expected to be available in May, may be downloaded to your iPhone, Android, Blackberry or Windows smartphone. You will also be able to access through a link on the city's website.

You can find more details on the new app by visiting the company's [website](#).
